## Ridefinisci lo Spazio dell'Ospitalità

*L'evoluzione della suite open-space in un unico, elegante blocco scultoreo.*

Núcleo eleva la percezione di valore dello spazio, offrendo un design esclusivo che supera il tradizionale concetto di stanza chiusa e trasforma la suite in un ambiente aperto e scenografico. Il nostro innovativo modulo freestanding concentra lavabo, doccia e sanitari in un unico elemento architettonico, pensato per dividere gli spazi della camera con un'eleganza fluida e contemporanea. Il vero cuore del progetto è la sua anima strutturale, un sistema intelligente che unisce un'installazione rapida – ideale per le tempistiche del settore contract – a una personalizzazione assoluta. La scelta del rivestimento diventa un gesto personale, il blocco si veste su misura come una vera e propria "pelle", integrandosi perfettamente con il design del luogo che lo ospita.

### I Vantaggi per la Tua Struttura:

- All-in-One: Lavabo, area sanitari e doccia convivono in un unico elemento di design, ottimizzando gli spazi e creando continuità tra gli ambienti.
- Customizzazione Assoluta ("Skin-System"): Grazie all'innovativa e leggera anima strutturale in cartongesso, il blocco può essere "vestito" su misura. Scegli il marmo che preferisci, il modulo si adatta al 100% al design del che lo ospita.
- Installazione Smart: Pensato specificamente per le tempistiche del settore contract. Concentrando gli impianti in un unico nucleo centrale, si riducono i costi e si semplificano le fasi di cantiere personale, il blocco si veste su misura come una vera e propria "pelle", integrandosi perfettamente con il design del luogo che lo ospita.

*Sorprendi i tuoi ospiti superando il tradizionale concetto di "stanza da bagno". Il nostro modulo freestanding abbatte i muri per trasformare la cura di sé in un'esperienza di lusso visivo, integrandosi perfettamente al centro della camera come una raffinata quinta architettonica.*

## Redefine Hospitality Spaces

*The Evolution of the open-space suite in one elegant solid sculptural block*

The evolution of the open-space suite into a single, elegant sculptural block. Núcleo enhances the perceived value of space, offering an exclusive design that goes beyond the traditional concept of a closed room and transforms the suite into an open, visually striking environment. Our innovative freestanding module integrates the washbasin, shower, and sanitary area into a single architectural element, designed to divide the room with fluid, contemporary elegance. The true heart of the project lies in its structural core, an intelligent system that combines fast installation, ideal for the timelines of the contract sector, with total customization. The choice of finishes becomes a personal gesture: the block is tailored like a true "skin," seamlessly integrating with the design of the space that hosts it.

### Benefits for Your Property:

- Washbasin, sanitary area, and shower coexist within a single design element, optimizing space and creating continuity between areas.
- Absolute Customization ("Skin System"): Thanks to its innovative and lightweight plasterboard structural core, the block can be fully customized. Choose your preferred marble the module adapts 100% to the design of its surroundings.
- Smart Installation: Specifically designed for the timelines of the contract sector. By concentrating all systems within a single central core, costs are reduced and construction phases are simplified. The block is tailored like a true "skin," integrating perfectly with the design of the space that hosts it.

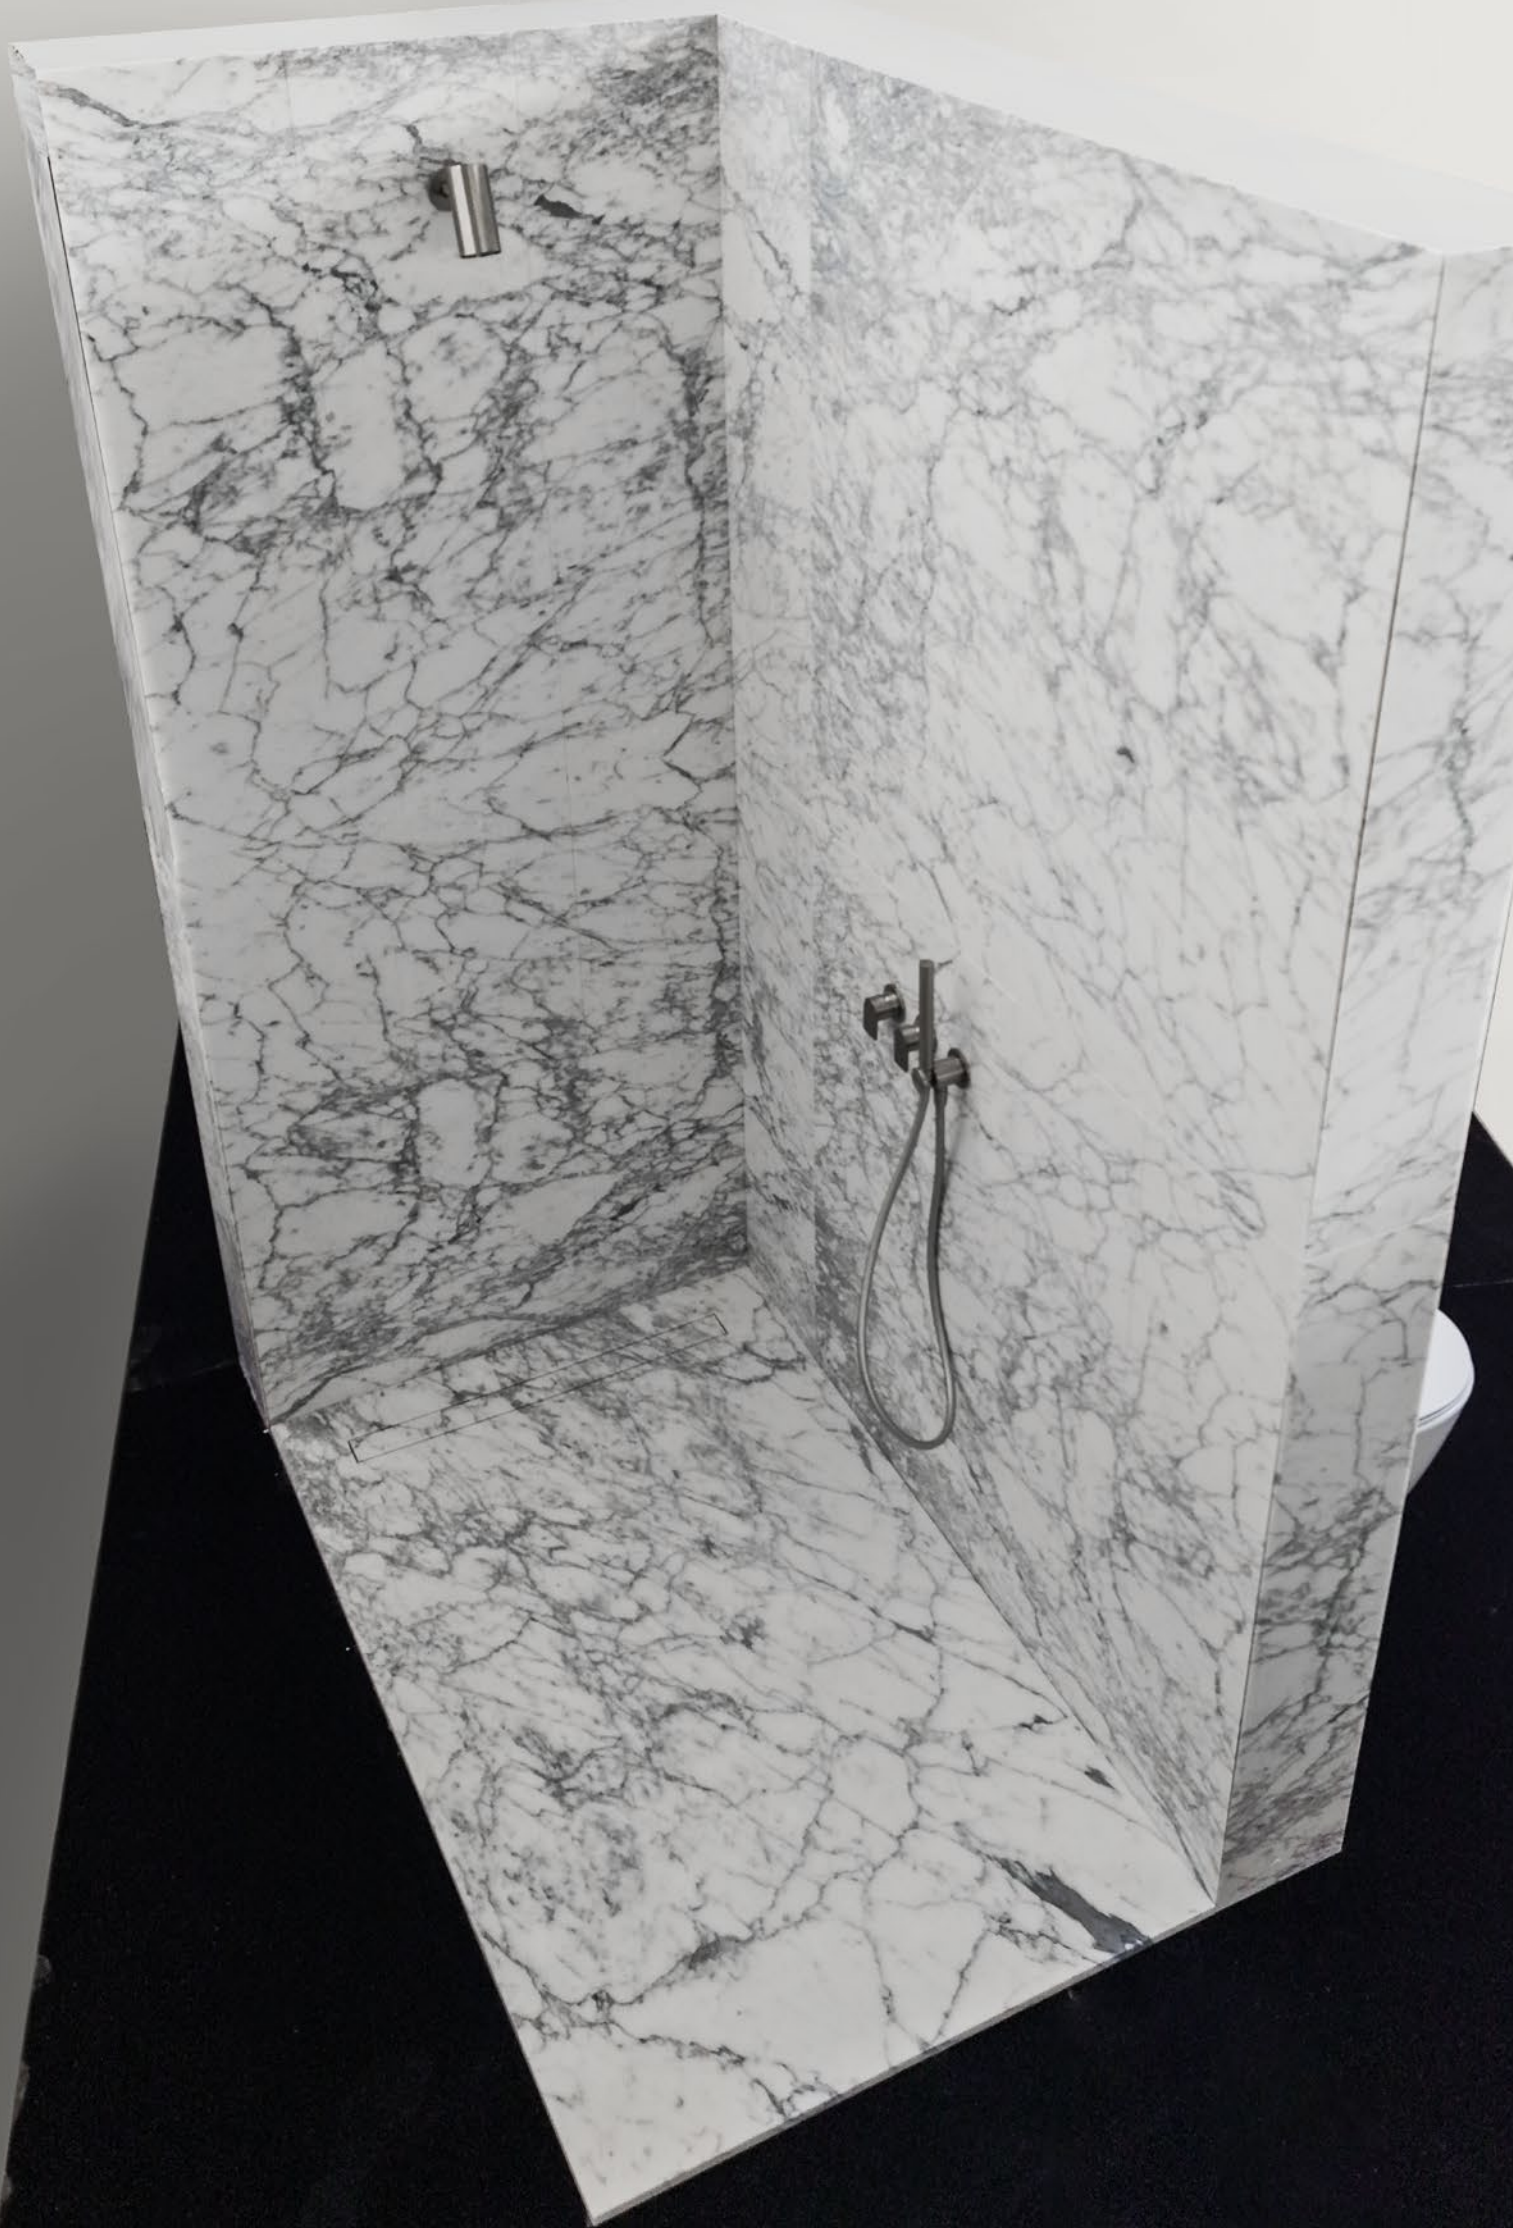

*Surprise your guests by going beyond the traditional concept of the "bathroom." Our freestanding module breaks down walls to transform self-care into a visually luxurious experience, seamlessly integrating at the center of the room as a refined architectural feature.*
